

ELECTIVE INTERNSHIP TRAINING PROGRAM

JHAH Elective Internship Program is designed to enhance the learning experience of Saudi medical and dental students who are undergoing clinical years training during their medical/dental degree program.

Eligibility Requirements

Each applicant should meet the following requirements.

- Applicants must be candidates for Interns/ 4th and 5th medical students with a good standing in an accredited school.
- Completed BLS Certificate.
- Applicants must be responsible for all arrangements and expenses related to the Elective Internship Training Program (hereinafter; Program) including travel, housing and medical insurance.

Programs Offered:

FAMCO, Pediatric, Internal Medicine- DHA, Internal Medicine- HAS, General Surgery, Plastic Surgery, EMS, OB/GYN, Dental, Orthopedic, Oncology, Psychiatry, Ophthalmology, Neurosurgery, Pathology, Anesthesia, Dermatology, Endocrine, Nephrology, Cardiology, Gastroenterology, ENT.

Application Process

The University internship Coordinator must send the Official letter of training requests addressed to 'The Program Administrator' from the Dean of the respective faculty on behalf of the student(s) in English to arwa.abulaban@jhah.com (if there is more than one applicant they can all be referenced in one letter). We will only consider the provided list of Interns/Medical Students and no individual request will be accepted.

- The submitted deadline in each quarter:

Academic Year 2020-2021

Quarters	Months	Submitted Deadline
1st quarter	January, February, March	November 8-12, 2020
2nd quarter	April, May, June	February 14-18, 2021
3rd quarter	July, August, September	May 16-20, 2021
4th quarter	October, November, December	August 22-26, 2021

- Applications before or after the submission period will not be considered.

- The university's letter should include the below information:

First Name	Middle Name	Family Name	National ID	Gender	email	Aramco dependent ID (if available)	Contact number	Date of Birth	Blood Type	current GPA	BLS Expiration Date	current academic year	preferred month (2021)	preferred department
								Mm/dd/year						

Upon receipt the information is screened for appropriateness and forwarded to the Interns/Medical Students Coordinator of the respective department for the final approval.

If the applicant is accepted onto the program the following documents will be requested:

- Academic transcript.
- Updated CV.
- A copy of the national ID.
- A copy of BLS Certificate.
- A copy of passport copy (the name page).
- Blood Group certificate.

Further Information about the Program

Duration of the Program

The rotation is 4/8 weeks. Interns/Medical Students will observe a department of their choice only.

Clinical Responsibilities of Students

During the program, Students are asked to be astute clinical observers. Hands-on clinical responsibilities are often limited due to the type of practice and skills needed. Basically, clinical responsibilities are prohibited according to the Saudi Medical Practitioners Law.

The Elective Training Program is available for:

- 4th and 5th year medical students as an OBSERVERSHIP. They will not be able to have patient contact physically and will not be able to perform any examinations or write in the patient notes.
- Interns, and the Interns do have Credentials and Privileges whilst undertaking their rotation at JHAH.

Travel Arrangements | Housing | Remuneration

- All Interns/Medical Students are responsible for their own travel and housing arrangements and all affiliated expenses.
- No remuneration will be given to the Interns/Medical Students.

Medical Care at JHAH

- The Interns/Medical Students are eligible for **emergency** medical care only during hours of duty. Regular medical appointments must be arranged with the Interns/Medical Students healthcare provider externally. This privilege is granted only to the Interns/Medical Students, not to their family or dependents.

Objectives

- Interns/Medical Students are required to work alongside their preceptor/mentor to complete the assigned objectives and competencies in each area.
- Apply a wide range of knowledge and skills in the respective clinical area in order to independently provide effective, safe, quality professional healthcare in the relevant specialty according to the respective Scope of Internship.

- Competently and effectively interact with a range of people, e.g. patients, their family members and other members of the healthcare team.
- Use reflective practice skills to enhance learning and impact clinical practice.
- The particular objectives for each area/specialty of training are available in details in the respective Scope of Internship.

Expectations and Responsibilities of Interns/Medical Students

- JHAH offers Interns/Medical Students the experience of working in an environment where both staff and patients are multi-cultural and the emphasis is placed firmly on caring for patients at the bedside. The standards for patient care and safety are high, evidence based care is utilized and internationally accepted standards are practiced throughout JHAH. This affords Interns/ Medical Students the opportunity to complete their education and training at a center of excellence.
- Performance of patient care tasks and other clinical responsibilities will always be supervised by the JHAH preceptor. The assigned preceptors/mentors are selected from experienced staff who serve as role models for the Interns/Medical Students as well as provide support, guidance, education and training in the clinical areas.
- Interns/Medical Students are expected to exhibit professional actions and behaviors at all times, with considerable emphasis being placed on professional conduct and attitude, including adherence to JHAH uniform policy, punctuality and patient care standards.

Completion of the Program

- Upon completion of the internship, the student will receive a certificate of completion.
- An evaluation will be completed by the preceptor at the university's request.
- Interns/Medical Students are not guaranteed employment with JHAH upon completion of the program, but may be considered for employment through the normal hiring and recruitment process.
